

Lab Visitors

Researchers from the Mariners Museum came to the labs to view samples on the Hirox Microscope.

Justin Thomas, Andy Elliot, Coumba Ndoye, and William Anderson of ODU came to view the work of fellow ODU graduate student Jennifer Ammentorp on the AFM. While they were here, we gave them a tour of the WM's characterization labs.

Nano Day at the Virginia General Assembly!

Amy, Ming Yao, Olga and Ron arrive in Richmond to visit the General Assembly for the NANO Day event.

Amy & Ming Yao discuss their work with Virginia Beach Delegate Harry R. "Rob" Purkey

Amy and Ming Yao are pictured here with Julia Cothron, and Robin Newton from the MathScience Innovation Center.

Amy & Ming Yao discuss projects with Virginia Beach Delegate Joseph Bouchard.

Ron Quinlan discusses his project with CIT Vice President Nancy Vorona.
