

Veeco Arrives

John Thornton and Jay Anderson from Veeco came to the labs on March 5 and 6 to help fix the AFM and train individuals on how to use the STM function on the AFM.

Amy & Olga (WM), Mazad, Xuekai, and Marija (ODU), and Carl (NSU), came to take part in the STM training presented by John (VEECO).

Lab Visitors

Jonathan Skuza, a William and Mary Doctorial Student, is seen here using the hirox microscope with Jose Riso, a JLab researcher.

.....

ToF-Sims Filter Change

Nick is seen here under the ToF-Sims changing out one of three filters during yearly PM.
