

Lectureship

Nuclear Physics School of Physics

We seek to fill a Lectureship in experimental Nuclear Physics.

The successful applicant will join the School's group in Nuclear Physics (<http://www.ph.ed.ac.uk/nuclear>). We are seeking to appoint someone with an outstanding track record in the area of Hadron Physics, and would also consider candidates in the fields of Exotic Nuclei and Nuclear Astrophysics. A commitment to excellence in undergraduate teaching is essential, and there will be an opportunity to teach within the new SUPA Graduate School.

The University of Edinburgh is a member of SUPA (<http://www.supa.ac.uk>), a new trans-institutional alliance that creates a common strategy for physics research across Scotland. A joint theme in Nuclear Physics is being carried forward with our colleagues in SUPA.

The position is funded for a 5 year fixed term by SUPA. Exceptional candidates may be considered for a permanent position (see further particulars). The expected start date will be October 2005.

Salary Scales: £23,643 to £ 27,116 or £27,989 to £35,883 p.a.

Please Quote Ref: 3004483

Closing date: June 17th 2005
